Subject: Tripi Foods 7336-0919

Inclement weather 12/29 and 12/30 created a situation where orders could not be shipped from the warehouse location. Obviously this created a backlog, which was taken care of by 1/2/98. The effects of the weather caused the delay to Tripi. They lost 3 days (1/5 req del. date -- 1/8 actual delivery date)toward a 1/19 retail date. They should be intitled to whatever company payment for what is at retail by 1/21.
